

**ADDENDUM
To Prior 36 SEPA**

SEPA File No. 06-122103

Description of the original proposal: The Washington State Department of Natural Resources is planning to convert (through a public auction leasing process) up to 640 acres of degraded rangeland to irrigated row crops and/or vineyard, utilizing irrigation water from an existing ground water permit G4-25953 (C) P.

As noted under Section 6 a of the original checklist, "Electricity will be used to operate the irrigation system".

As noted under Section 16 b of the original checklist, "Electrical lines would be installed by the Benton R.E.A. to serve the site with electricity to operate circle irrigation systems".

Description of the addendum: This addendum is to acknowledge the intent to grant utility easements across Section 36, Township 6 North, Range 26 East for the power lines necessary to provide power to said Section 36.

Description of existing environmental document: A Determination of Non-Significance was issued on December 21, 2006. The Notice of Final Determination has not yet been issued.

Proponent: Washington State Department of Natural Resources.

Lead Agency: Washington State Department of Natural Resources.

This addendum is being distributed pursuant to WAC 197-11-600 and 197-11-625. It has been determined that this new information does not substantially change the analysis of significant impacts in the existing environmental document.

Responsible Official: William O. Boyum

Position/Title: SE Region Manager **Phone:** (509) 925-8510

Address: Southeast Region; 713 Bowers Rd.; Ellensburg, WA 98926
